## Welcome To Pyramid Pakistan

The competitive edge we offer is our thorough knowledge of the freight forwarding business. With decades of experience and strategic relationships with agents from around the world, we are able to provide the finest customer service possible.

## About Us

Pyramid Pakistan is a full-service logistics management company providing integrated transportation services globally..

## Why Pyramid Pakistan?

**Why through operational streamlining and integration...**

We offer you the full advantage of a single point of contact for all end-to-end freight requirements. We boost efficiency and speed by capitalizing on the combined convenience of customs brokerage and warehousing, backed by a full spectrum of value-added services. As the result of being a privately-owned group of companies, we have a reputation for the responsiveness, control, and flexibility that only centralized operations can deliver.

# Mission....

We endeavor to offer the best service and solution by constantly developing our skills through communication, ingenuity, and innovation

# Services...

We offer a wide range of Ocean / Sea products, LCL and FCL services from all around the world.

## Ocean Shipping

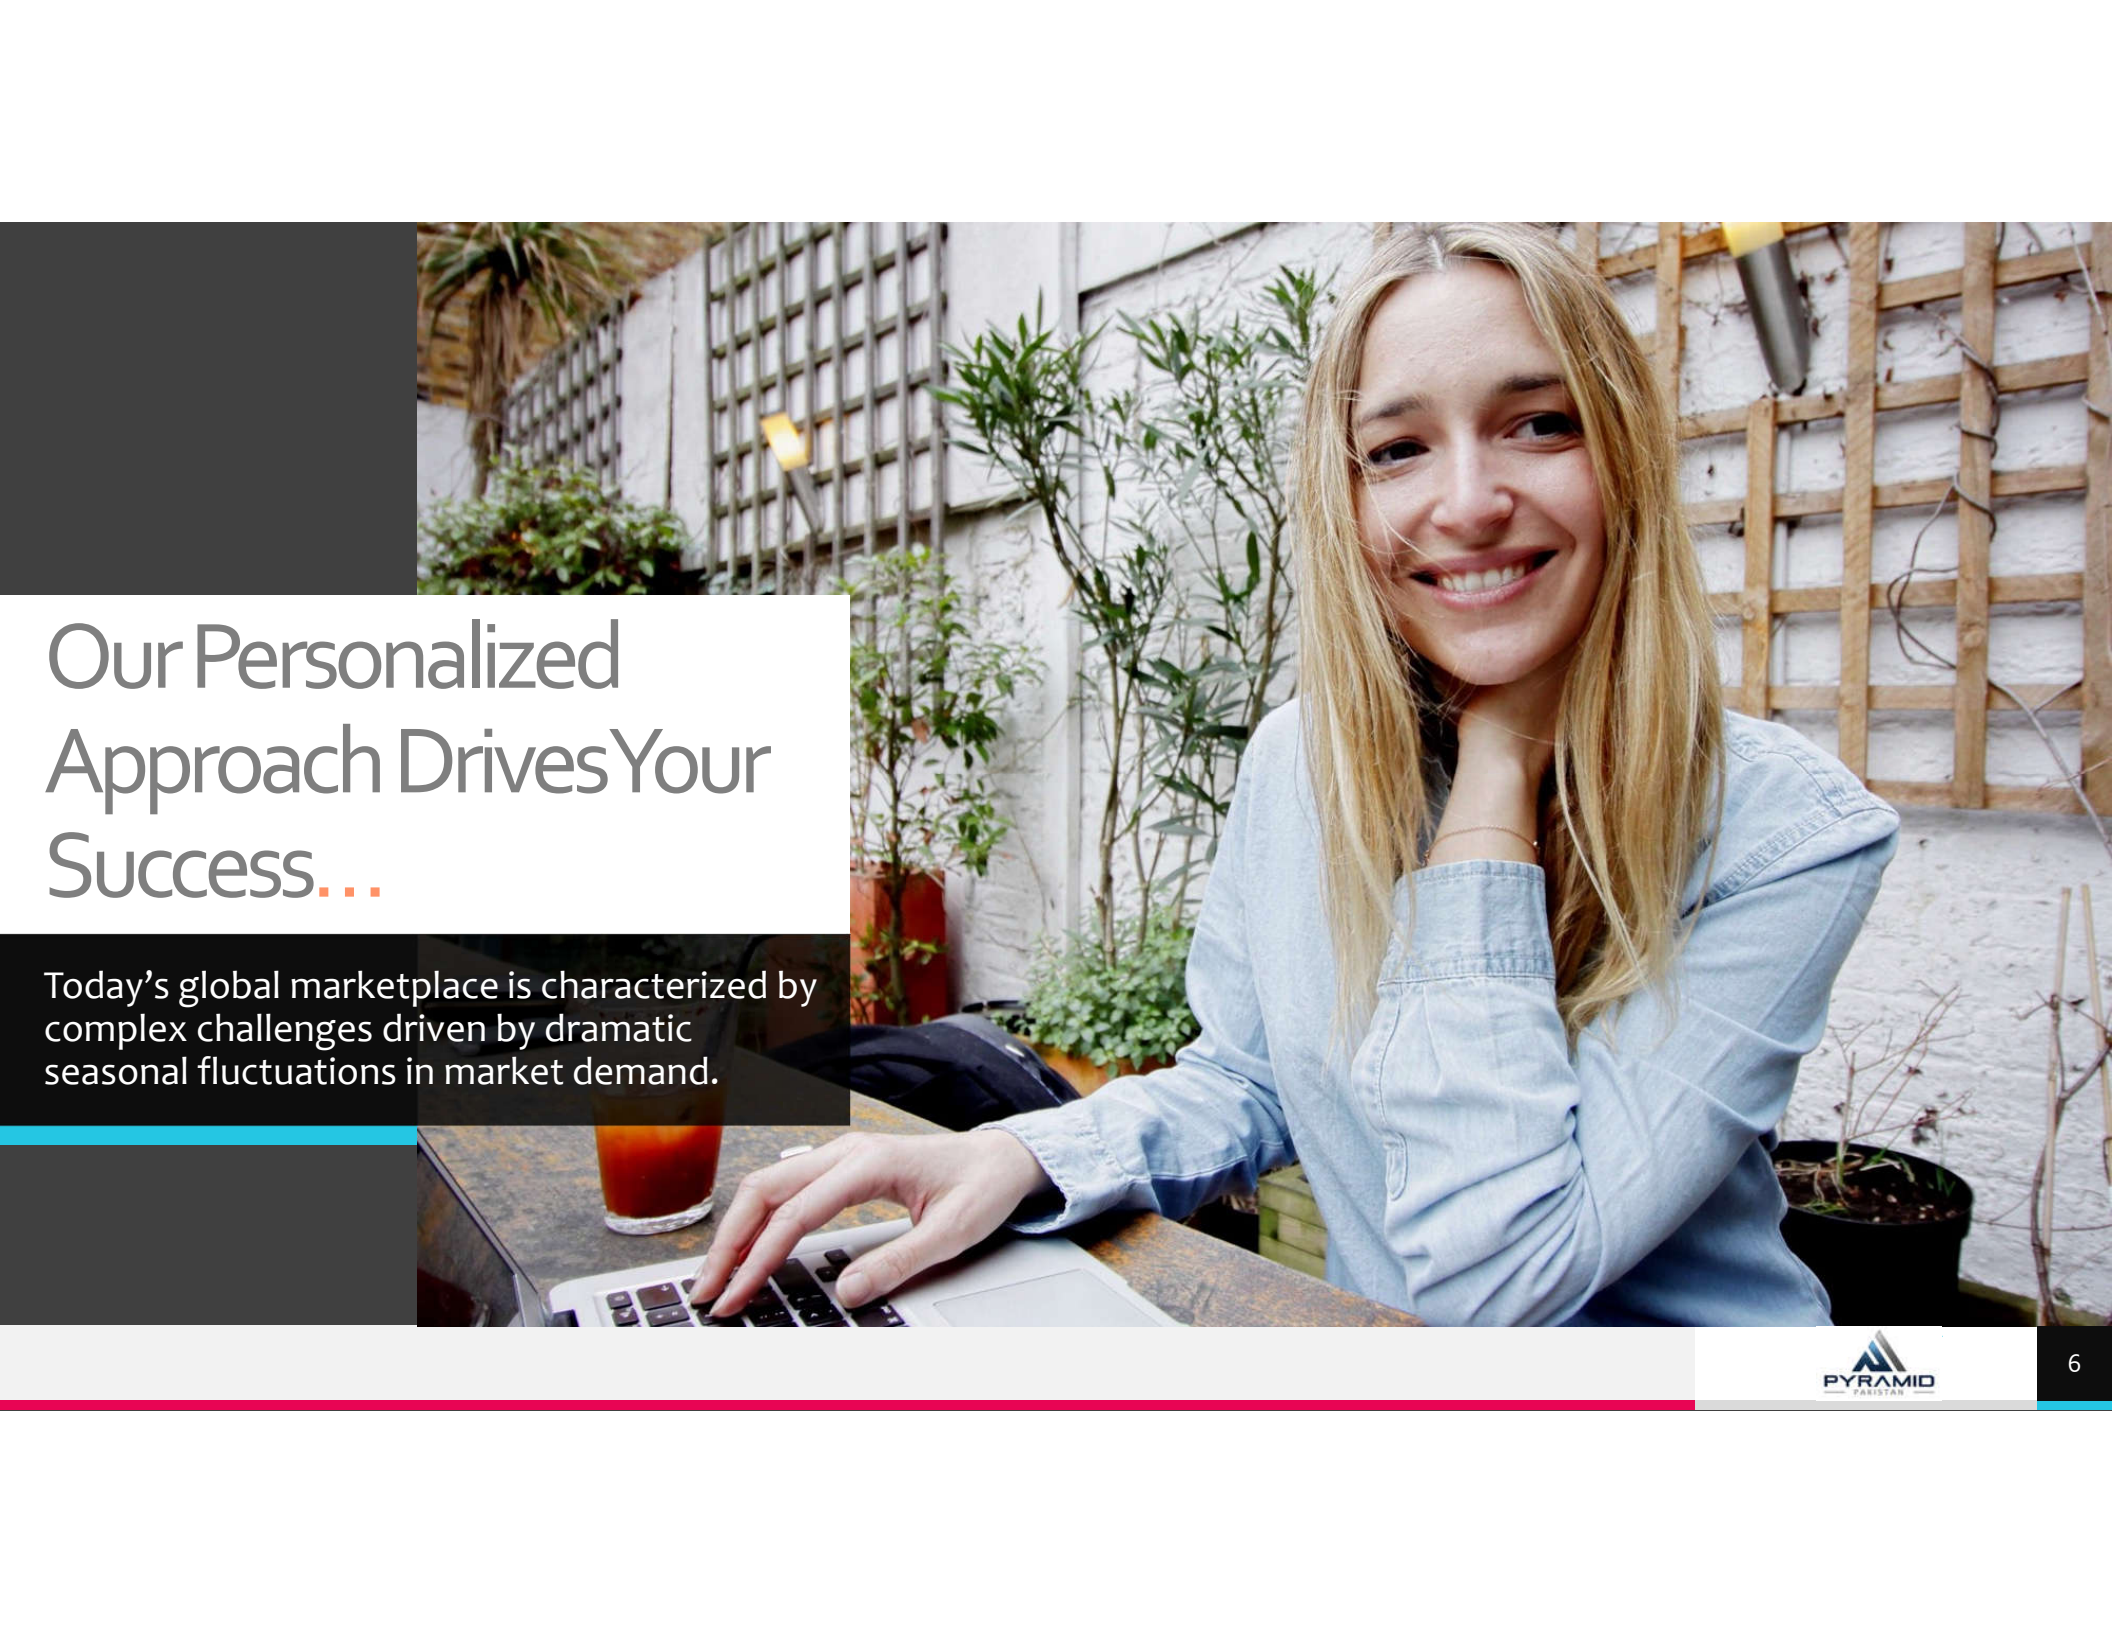

Our network of ocean carriers offer various routings as well as a variety of equipment suitable to handle different types of cargo. Our team familiarizes themselves with each carriers strength to enhanced reliability and keep the channels open from coast to coast. We can handle any containers freight, from DG to breakbulk. We are knowledgeable in Pakistan Customs regulations and requirements, as well as the loading process and LC documentation preparation. Some of the breakbulk that we handle include marine engines, machinery, oversized automobiles, steel pipes/bars, and steel plates. We are also experienced in temperature sensitive cargo in refrigerated containers. We have access to contracts with all carriers ensuring a streamlined quoting process. In addition, we can offer tracking system for ocean containers.

## Air Freight Shipping

We encompass all aspects of shipping from customs documentation to ground transportation at each end. Working with over 20 carriers, we are able to provide our customers with better rates and secured space allocations. We also provide access to an advance E-tracking function on our website available for our customers. We have extensive experience in handling perishables and a special expertise in live seafood including lobsters and crabs.
